# ApeosPort-V 4020

Leveraging high functionality to finish work more quickly.

# Leverage the superior operability of multifunction devices. Introducing a high-speed, A4 monochrome device.

ApeosPort-V 4020. Fuji Xerox's first A4 monochrome digital multifunction device. Compact, feature rich and highly functional, this new device delivers excellent image quality, outstanding productivity and easy access via mobile devices and the Cloud. A versatile monochrome device with full-colour scanning capability. ApeosPort-V 4020 is ideal for meeting rooms and reception areas, and fits a variety of environments such as medical or educational institutions.

**Copy Print** — B / W : 45 ppm

**Scan** — B / W : 40 ppm
Colour : 20 ppm

**Fax** — Max size : A4, Super G3

Printing Resolution
1200 dpi × 1200 dpi

# ApeosPort-V 4020

# Compact

## Highly functional multifunction device

The compact and lightweight design belies the many functions that support copying, printing, faxing and scanning. Ideal to fit neatly on a desktop without encroaching on space or productivity.

# Flexible

## Flexible placement options

ApeosPort-V 4020 boasts many of the same functions found on A3 multifunction devices. It complements existing devices, allowing you to install it where it can maximise office efficiency based on expected document sizes, output volumes and usage.

# Smart

## Mobile and cloud connectivity

Empowering today's mobile workforce to conduct business in ways that work for them, with scalable mobile printing solutions and cloud-based solutions.

## Quick, high-volume scanning
60-sheet document feeder offers easy scanning of multi-page documents.

## User-friendly
Easily viewable, tiltable 7-inch touch panel.

## High-visibility output tray
Printouts are readily recognisable on the blue tray, serving as a reminder to collect finished documents on a timely basis.

## Effortless postcard printing
Bypass tray allows easy printing of coloured paper and postcards.

## High-volume printing
Efficiently handle large-volume print jobs of up to 550 sheets using one compact device.

Height: 577 mm

## Compact footprint
Space-saving design lets you install the device anywhere to optimise office workflows.

Depth: 541 mm

Width: 560 mm

# More features, simplified operation

## Easy Fingertip Control

The new ApeosPort-V 4020 takes advantage of technology seen in smartphones and tablets by enabling users to operate the devices intuitively, for faster and more efficient production. Four different gestures – tap, double-tap, drag and flick – can be used to scroll and switch functions smoothly and quickly.

## Making multifunction devices easier to use

### Onboard scanning solutions

Dramatically increase your workflow efficiency with these onboard scanning solutions: on-box Optical Character Recognition with searchable PDF creation; secure PDF; scan to USB device; scan to email, folder, and network. Plus, high compression technology to reduces file sizes.

### Print on demand

Gain control of your print costs with the Serverless On-Demand Print solution*. It lets you manage and facilitate all print activities on up to five supported multifunction devices. It allows users to release their jobs from the device with a proximity card, username/password or PIN number, all without the IT burden of a central print server.

* Optional.

### Save/print using a USB memory device

An easily accessible USB port allows users to quickly print from or scan to any standard USB memory device.

The specified machine is in use. Store data.

On a machine having fewer load on the network, login through authentication, select a stored job, and print it.

Transferring of data

Output

### A wide variety of choice to suit your needs

Paper trays can be added* to increase total paper capacity to 2,350 sheets. The optional cabinet is also available for stand-alone use and provides storage for toner cartridges, paper and other supplies.
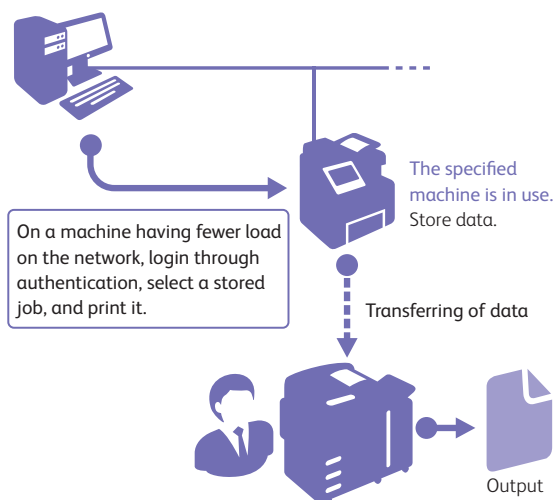

* Three trays can be added. The device can hold maximum of four trays. A cabinet is available when there are two trays or less.

# Experience the difference

Fuji Xerox iiX is a software integration layer allowing your ApeosPort-V solution to adapt to fit the way you work, not the other way around.

In adopting this approach to developing an integration layer in each ApeosPort-V solution, Fuji Xerox can unleash the powerful features of its technology and create personalised and customised document management solutions that you can access right from the device touch screen. These solutions can leverage your existing infrastructure and databases.

## Cost management

In years gone by, the costs of office printing were frequently borne by the IT department alone and reported as a consolidated cost of doing business, without the visibility of who was printing what.

Some of the benefits of implementing one of Fuji Xerox's cost management solutions include:

- Identifying output costs down to the individual user, in order to keep operating costs low

- Precisely allocate/disperse costs to client accounts/internal cost centres or individual users

- Improved document and device security

- Print documents from just about anywhere, anytime and pick up their jobs at the time and location of their choosing

- Minimise security breaches caused by confidential printouts left unclaimed

- Enhance your sustainability initiatives by reducing paper and energy use

- Encourage mobile flexibility with smartphones and tablets

- Reduce waste and misuse of resources

## Mobile and Cloud applications

### Google Cloud Print™

ApeosPort-V 4020 works with Google Cloud Print™, so you can print on the go from your smartphone or computer using Google Cloud Print enabled apps.

Google Cloud Print Ready

### AirPrint

Print directly from an iOS device via wireless LAN. This eliminates the need to open data on a PC, download special software, or install a dedicated driver.

AirPrint

* AirPrint is a standard print function included in iOS on iPhones and iPads.
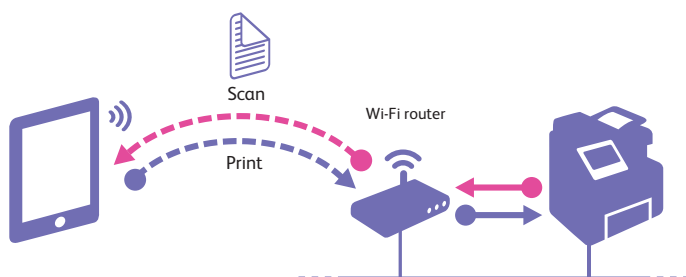

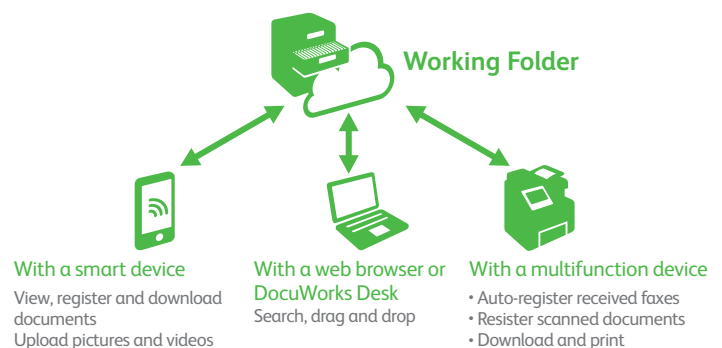

### Print Utility for iOS / Android

Scan documents and save to iOS or Android devices via wireless LAN, and print PDF documents, web pages and photos from the mobile device.

* Print Utility for iOS and Print Utility for Android can be downloaded for free from App Store and Google Play™, respectively.
* DocuWorks documents and PDF documents can also be output by linking with DocuWorks Viewer Light for iPhone/iPad.

Scan
Wi-Fi router
Print

### Working Folder

Working Folder is an easy, affordable and reliable way to store documents, collaborate on content or digitise inbound paper transmissions helping you to shift your business into the mobile era.

Working Folder

**With a smart device**
View, register and download documents
Upload pictures and videos

**With a web browser or DocuWorks Desk**
Search, drag and drop

**With a multifunction device**
• Auto-register received faxes
• Resister scanned documents
• Download and print

*This function requires the Woking Folder Service contract.

# Productivity Applications

## Convenient, counter-based customer service

The space-saving design lets you install the device anywhere.
Improve customer service with fast and easy access to retrieve printouts.

### Convenient counter-based services

#### ID card copy

Both sides of a card can be copied onto one side of a sheet of paper. So, you can see all the ID card information at a glance.

#### Under-desk placement

When placed under a desk, a wheeled platform enables easy portability.

* Optional.

## Efficiently combining A4 and A3 devices

Suitable for small-to-medium businesses and enterprise customers alike, the ApeosPort-V 4020 builds on and expands the A3 colour series of multifunction devices leveraging a common experience for end users, as well as, IT Administrators.

### Well suited for company-wide use

#### Control panel matches those of A3 devices

ApeosPort-V 4020 is equipped with a 7-inch control panel that is easy to use and view. This ensures a familiar interface throughout the office.

## Environmentally responsible

### EA-Eco Toner

This Emulsion Aggregation (EA) Ultra Low-Melt toner achieves a fusing temperature more than 20°C lower than conventional EA toner, reducing power consumption during fusion, as well as achieving a brilliant glossy output even on ordinary paper.

### Remote Power Off

Devices located at a distance may be switched off remotely via PC. In large facilities such as a campus or factory building, this function can reduce the time and labour required to operate remotely located devices.

### Excellent TEC Value

The ApeosPort-V 4020 has achieved 2.0 kWh for TEC value*, conforming to International ENERGY STAR Program standards and reducing power consumption.

* Value measured by the test defined in International ENERGY STAR Program.

**2.0 kWh**

# Specifications of ApeosPort-V 4020

## Basic Specifications / Copy Function

| Item | | Description |
|---|---|---|
| Type | | Desktop |
| Memory Capacity | | 4 GB (Max 4 GB) |
| Hard Disk Capacity*1 | | 160 GB or larger (Used space : 128 GB) |
| Scan Resolution | | 600 x 400 dpi |
| Printing Resolution | | 600 × 600 dpi , 2400 dpi or equivalent*2 × 600 dpi |
| Warm-up Time | | 35 seconds or less. 18 seconds or less if the main power is on (At room temperature 23°C) |
| Original Size | | Maximum of Legal for both Sheet and Book |
| Paper Size | Max | A4, Legal*3 [Legal When Using Bypass Tray] |
| | Min | A5 [Postcard (100 x 148mm), 3 x 5" (76 x 127 mm) When Using Bypass Tray] |
| | Image loss width | Lead Edge 4.0 mm, Trail Edge 4.0 mm, Right & Left Edges 4.0 mm |
| Paper Weight*4 | Paper Tray | 60 to 216 gsm |
| | Bypass Tray | 60 to 216 gsm |
| First Copy Output Time | | B / W : 5.0 sec. |
| Continuous Copy Speed*5 | A4 | 45 ppm |
| Paper Tray Capacity*6 | Standard | 550 sheets x 1-tray + Bypass Tray 150 sheets |
| | Optional | Sheet Feeder : 550 sheets |
| | Max | 2350 sheets (Standard + Sheet Feeder + 3-tray) |
| Output Tray Capacity*6 | | 250 sheets (A4) |
| Power Supply | | AC220-240 V ±10％, 6 A, 50 / 60 Hz common |
| Maximum Power Consumption | | 1.1 kW or less<br>Sleep Mode : 1.3 W or less<br>Low Power Mode : 19 W or less*7<br>Ready Mode : 82 W or less |
| Dimensions | | W 560 x D 541 x H 577 mm |
| Weight*8 | | 26 kg |

*1 : Not all of the hard disk capacity is actually available for users.
*2 : When Image Enhancement processing is performed.
*3 : The tray should be extended when legal size paper is placed on it.
*4 : Use Fuji xerox recommended paper. Documents may not be printed correctly depending on usage conditions.
*5 : The speed may be reduced due to the image quality adjustment.
*6 : 80 gsm paper.
*7 : Low Power Mode is not set at the time of shipment from the factory.
*8 : Including Toner Cartridge.

## Print Function

| Item | | Description |
|---|---|---|
| Type | | Built-in type |
| Continuous Print Speed*1 | | Same as the Basic Specifications / Copy Function |
| Printing Resolution | | 1200 × 1200 dpi, 600 × 600 dpi |
| Page Description Language | Standard | PCL5 / PCL6 / Adobe® PostScript® 3™ |
| Operating System*2 | PLC6-Driver | Windows Server® 2003 (32bit), Windows Vista® (32bit), Windows Server® 2008 (32bit), Windows® 7 (32bit), Windows® 8 (32bit), Windows® 8.1 (32bit), Windows Server® 2003 (64bit), Windows Vista® (64bit), Windows Server® 2008 (64bit), Windows® 7 (64bit), Windows Server® 2008 R2 (64bit), Windows® 8 (64bit), Windows Server® 2012 (64bit), Windows® 8.1 (64bit), Windows Server® 2012 R2 (64bit) |
| | Mac OS X-Driver | Mac OS X 10.5 Leopard, Mac OS X 10.6 Snow Leopard, Mac OS X 10.7 Lion, OS X 10.8 Mountain Lion, OS X 10.9 Mavericks |
| | Adobe® PostScript™ 3 Driver | Windows Server® 2003 (32bit), Windows Vista® (32bit), Windows Server® 2008 (32bit), Windows® 7 (32bit), Windows® 8 (32bit), Windows® 8.1 (32bit), Windows Server® 2003 (64bit), Windows Vista® (64bit), Windows Server® 2008 (64bit), Windows® 7 (64bit), Windows Server® 2008 R2 (64bit), Windows® 8 (64bit), Windows Server® 2012 (64bit), Windows® 8.1 (64bit), Windows Server® 2012 R2 (64bit), Mac OS X 10.5 Leopard, Mac OS X 10.6 Snow Leopard, Mac OS X 10.7 Lion, OS X 10.8 Mountain Lion, OS X 10.9 Mavericks |
| Interface | Standard | Ethernet 100BASE-TX / 10BASE-T / 10BASE-T, USB2.0 |
| | Optional | Ethernet 1000BASE-T |

*1 : The speed may be reduced due to the image quality adjustment. The printing speed may be reduced depending on the document.
*2 : For the latest information on the supported operating systems, please refer to our official website.

## Scan Function

| Item | | Description |
|---|---|---|
| Type | | Colour Scanner |
| Scan Resolution | | 600 x 600 dpi, 400 x 400 dpi, 300 x 300 dpi, 200 x 200 dpi |
| Scan Speed*1 | | B / W : 40 ppm, Colour : 20 ppm [Fuji Xerox Standard Paper (A4), 200dpi, to Folder.] |
| Interface | Standard | Ethernet 100BASE-TX / 10BASE-T, USB2.0 |
| | Optional | Ethernet 1000BASE-T |

*1 : The scanning speed varies depending on the documents.

## Fax Function (Optional)

| Item | Description |
|---|---|
| Original Size | Max : A4, Legal |
| Recording Paper Size | Min : A4, Legal<br>A5 |
| Transmission Time | 2 seconds and more but fewer than 3 seconds*1 |
| Transmission Mode | ITU-T G3 |
| Applicable Lines | Telephone subscriber line, PBX, Fax communication (PSTN), maximum 1 port |

*1 : When A4 size document with approximately 700 characters is transmitted in standard image-quality (8 x 3.85 lines / mm) and in high-speed mode (28.8 kbps or faster, JBIG). Only indicates the time for transmitting the image information and does not include the communication control time. The total communication time will vary depending on the contents of the document, the type of machine receiving the fax, and line condition.

## Duplex Automatic Document Feeder

| Item | Description |
|---|---|
| Original Size | Max : A4, Legal<br>Min : A5*1 |
| Paper Weight | 50 to 125 gsm (In Duplex : 60 to 125 gsm) |
| Capacity*2 | 60 sheets |
| Feeding Speed (A4 Simplex) | B / W : 40 ppm<br>Colour : 20 ppm |

*1 : 139.7× 139.7 mm for non-standard paper size.
*2 : 64 gsm paper.
